Dear Friends,

it is a great pleasure to invite you to attend the 6th Biennial National Congress of the Italian Society of Colorectal Surgery that will be held in the historical city of treviso.

The topic of the congress is “Patient first: quality of care, management, multidisciplinary approach”.

The complexity of pelvic floor diseases and of benign and malignant anorectal disorders needs the involvement of different specialties. It is mandatory a multidisciplinary approach to provide the best quality of care.

New management pathway should be designed considering “patient first”, also considering cost-effectiveness.
The congress will provide update guidelines on the treatment of rectal cancer, inflammatory bowel disease, diverticular diseases, anal fistulas, haemorrhoids, fecal incontinence and pelvic organs prolapse. In the program we included many precongressual interactive courses to provide adequate training to younger members using simulators and step by step surgical how i do it video.

The congress will be opened with the lecture “The Marca Trevigiana. land of art, culture and enogastronomic tradition” in the historical church of Santa Caterina in the heart of Treviso.

The social dinner at Villa Guillion-Mangilli, will let to visit Valdobbiadene, where the famous Prosecco wine is produced. The short distance with Venice will also give the opportunity to visit this city unique in the world.

We are deeply grateful to all who supported us in the organization of this congress, including the President and the board members of the Society, to the secretary, to the Hospital staff and to the Ceo and last but not least to the industries that sponsored this event.

Welcome and enjoy Treviso congress!
Giulio Aniello Santoro, Aldo Infantino.
